OFFICE OF THE ECONOMIC BOTANIST, DEPARTMENT OF AGRICULTURE, BANGALORE.

Notification.

It is hereby notified for the information of the public that the papaya crop produced on the Fruit Research Station, Hessarghatta standing in Guava, Banana and Nursery Plots, totalling about 939 plants will be leased out to the person who offers highest value at not less than Rs. 1,000 (one thousand) for one year commencing from the date of lease. The intending persons may present their offer in a sealed cover to the Economic Botanist, Department of Agriculture, Bangalore, so as to reach him on or before 2 P.M. on the 6th January 1951. The tenders will be opened at 3 P.M. on the last day and the tenderers may be present at the time if they so desire.

2 The person whose offer is accepted should pay 25 per cent of the total value of the crop immediately after acceptance of his offer and the balance the next day in full. In default thereof the lease will be given away to the next highest offer. The lessee will be permitted to harvest the crop as and when ready only after the full amount is paid.

3 The lessee should be responsible for proper guarding of the fruit crop immediately his offer is accepted and no complaint in case of theft, etc., will be entertained and no compensation whatsoever will be paid thereof. The lessee is required to give intimation to the Manager, Fruit Research Station, Hessarghatta, before he harvests the fruits every day. The fruits harvested from each tree should be kept near it and should only be removed after the number, weight and the grades of the fruits and other information of the individual trees are noted down. Under no circumstances the fruits should be removed until the necessary details are noted. The crop after harvest must be brought to the officer where permit to remove the fruit from the station premises will be issued by the Manager, Fruit Research Station. Under no circumstances the crop shall be removed to residential quarters of the staff in the Colony. The lessee should give definite instruction to his watchman in this matter.

4 Any crop found being removed without permit will be confiscated and sold, the realisation being credited to Government.

5 Fruits which are fully ripe should be harvested. Diseased fruits must be allowed to be harvested and destroyed.

6 Whatever fruits are required for experimental purposes, these must be made available at Government rate.

7 The lessee should not claim any compensation for the crops if any, of the diseased branches of trees which may cut down.

8 The lessee has to make arrangements to have the plants irrigated by his watchmen.
